

ME / MIT- Electrical Power Engineering and Data Science

Semester 1 2020				Semester 2 2020				ENG100 Engineering Professional Practice
ENG558 Advanced Power Electronics	ENG691 Hazard, Risk and Project Manage- ment	ICT508 Information Technology Project Manage- ment	ICT616 Data Resources Manage- ment	ENG556 Power System Modelling and Analysis	ENG670 Measure- ment and Uncertainty Analysis	ICT515 Foundations of Data Science	ICT601 Business Analytics	
Semester 1 2021				Semester 2 2021				
ENG557 Distributed Energy Resources and Demand Response	ENG610 Engineering Design Project	ICT619 Artificial Intelligence	ICT602 Advanced Data Analysis	ENG682 Advanced Power System Protection and Control Systems	ENG610 Engineering Design Project	ICT621 Information Technology Group Project
