

The BA Tourism and Events Major provides many opportunities for study of Double Majors, whilst you may also choose a Co-Major or Minor or simply explore a variety of Units that interest you.

I provide a basic plan of study for completion of the BA Tourism and Events Major within 3 years of full time successful study on the page below. If you come with Credit points, undertake part time studies or do not complete units at a passing level, the plan will alter. The plan may also be altered depending on your choice of double Major/Co-Major or Minor.

To find out more about these, please go to the Handbook. Use MJ to search for a complete list of Majors, CJ to search for a list of Co-Majors and MN to search for a list of minors. For further planning, you are welcome to contact the Tourism and Events Academic Chair, Dr Diane Lee at d.lee@murdoch.edu.au in order to make an appointment.
