

# B1374 Bachelor of Laboratory Medicine (Genetics & Molecular Biology Stream)

Academic Chair: A/Prof Murray Adams  
(m.adams@murdoch.edu.au)

Start Date: Semester 1 2025

|               |  |           |   |           |
|---------------|--|-----------|---|-----------|
| Year 1 – 2025 | <b>Semester 1 Units</b>                    | <b>CP</b> | <b>Semester 2 Units</b>                           | <b>CP</b> |
|               | BMS100 Transition into Biomedical Sciences | 3         | BIO152 Cell Biology                               | 3         |
|               | BMS101 Introduction to the Human Body      | 3         | BMS102 Introduction to Medical Laboratory Science | 3         |
|               | CHE140 Fundamentals of Chemistry           | 3         | BMS107 Foundations of Vertebrate Form & Function  | 3         |
|               | MAS183 Statistical Data Analysis           | 3         | CHE144 Foundations of Chemistry                   | 3         |
|               | <b>Winter Units</b>                        | <b>CP</b> | <b>Summer Units</b>                               | <b>CP</b> |

**TOTAL CREDIT POINTS 96**

## Major Prerequisite: Chemistry Background

Students who achieved a final scaled score of 50 percent or more in Chemistry 3A/3B or Chemistry ATAR within the past three years will be granted a preclusion from CHE140 Fundamentals of Chemistry (and will take another unit in its place). Students who have completed previous chemistry not stated above should consult their Academic Chair for clarification of their enrolment requirements.

## Additional Academic Progress Requirements

In order to commence the fourth-year students must, a) have achieved a course weighted average of at least 65% over their second and third year units, and b) be approved for work integrated learning placement by the Academic Chair.

**Please note:** This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as outlined in the [Handbook](#). Students should note that due to unit prerequisites, commencing study in Semester 2 may extend the duration of the course. This information is correct as at 16/10/23.
