

B1399 Bachelor of Science (Environmental and Conservation Sciences)

(Conservation and Wildlife Biology_ Environmental Science & Management double major)

Academic Chair: [Barbara Bowen](#)

Start Date: Semester 1 2026

Year 1 – 2025	Semester 1 Units	CP	Semester 2 Units	CP
	CHE140 Fundamentals of Chemistry	3pts	BIO152 Cell Biology	3pts
	BIO103 Environmental Biology	3pts	ENV102 Foundations of the Environment	3pts
	**MAS164 or Part I General Elective	3pts	MAS183 Statistical Data Analysis	3pts
	**ESM Specified Elective or Discovery Unit	3pts	Discovery Unit or **ESM Specified Elective	3pts
	Winter Units	CP	Summer Units	CP
	Total	12pts	Total	12pts
Year 2 – 2026	Semester 1 Units	CP	Semester 2 Units	CP
	BIO245 Plant Evolution, Radiation & Adaptation	3pts	BIO244 Animal Diversity	3pts
	Part II General Elective or *CWB Specified Elective (see below)	3pts	BIO257 Australian Biodiversity	3pts
	ENV246 Protected Area Man. & Planning	3pts	ENV241 Ecology	3pts
	**ESM Specified Elective	3pts	**ESM Specified Elective	3pts
	Winter Units	CP	Summer Units	CP
	Total	12pts	Total	12pts
Year 3 – 2027	Semester 1 Units	CP	Semester 2 Units	CP
	BIO375 Conservation Biology	3pts	BIO376 Wildlife Biology	3pts
	Part II General Elective or *CWB Specified Elective (see below)	3pts	ENV331 Environmental Management	3pts
	BIO356 Genetics and Evolution	3pts	ENV332 Managing Wetlands and Water	3pts
	**ESM Specified Elective	3pts	ENV328 Environmental Policy and Law	3pts
	Winter Units	CP	Summer Units	CP
	Total	12pts	Total	12pts

TOTAL CREDIT POINTS 72

Conservation and Wildlife Biology major notes:

Discovery Unit 3 credit points. Discovery unit – you need to complete one discovery unit, we recommend you do this in your first year of study. See the Murdoch University handbook (B1399) for a list of discovery units available for the BSc Environmental & Conservation Sciences.

Course Core 15 Credit points (Note-Students who achieved a final scaled score of 50 percent or more in Chemistry ATAR within the past three years should seek an exemption for CHE140 Fundamentals of Chemistry).

CWB Major Core 24 Credit points. The Conservation and Wildlife Biology major includes 21 Credit points of **Core** units and 3 Credit points from a ***CWB Specified Elective** - one of the following: ECS200- Research Methods in Ecology (S1); ENV278-Nature Based Tourism (S1) or ENV328-Environmental Policy and Law (S2).

ESM Major core- 24 credit points, including 12 credit points of core and 12 credit points of **(ESM) Specified Electives**.

****Environmental Science and Management (ESM) Specified Electives** - select one specified elective group as a specialization and complete 12 points (4 units) from the list of units in that group.

ESM Specified Elective Group A	ESM Specified Elective Group B
<p><i>Select 4 units from this list to specialise in Environmental Science</i></p> <ul style="list-style-type: none"> CHE144 Foundations of Chemistry (3 cp) S1 or S2 ECS200 Research Methods in Ecology (3 cp) S1 ENG221 Pollution and its Control (3 cp) S2 ENV242 Atmospheric & Climate Science (3 cp) S1 ENV243 Water & Earth Science (3 cp) S1 ENV244 Oceanography & Marine Pollution (3 cp) S2 ENV303 Geographic Information Systems for Environmental Management & Planning (3 cp) S2 	<p><i>Select 4 units from this list to specialise in Management/Sustainability</i></p> <ul style="list-style-type: none"> ECS200 Research Methods in Ecology (3 cp) S1 ENV245 Global & Regional Sustainability (3 cp) S1 ENV278 Recreation Ecology and Nature-based Tourism (3 cp) S1 ENV303 Geographic Information Systems for Environmental Management & Planning (3 cp) S2 ENV334 Environmental Restoration (3 cp) S1 SUS100 Sustainable Development (3 cp) S1 or S2 SUS305 Economics of Sustainability (3 cp) S2 PHL211 Environmental Justice (3 cp) S2 (offered every 2nd yr)

B1399 Bachelor of Science (Environmental and Conservation Sciences)

(Conservation and Wildlife Biology Environmental Science & Management double major)

****MAS164** is not required for your course, but is strongly recommended as a General Elective in your first semester if you have not completed ATAR level maths (e.g. Maths Applications).

Please note: This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as outlined in the [Handbook](#). Students should note that due to unit prerequisites, commencing study in Semester 2 may extend the duration of the course. This information is correct as at 03/2/2025.
