TOTAL CREDIT POINTS 72

Course Core 15 Credit points (Students who achieved a final scaled score of 50 percent or more in Chemistry 3A/3B or Chemistry ATAR within the past three years should seek an exemption for CHE140 Fundamentals of Chemistry. Students who have completed previous chemistry not stated above should also consult their Academic Chair for clarification of their enrolment requirements.)

Murdoch Spine units can be selected from those listed in the University Handbook published in the academic year the student intends to enrol in them.

Specified Elective Choose two of the following three units (BIO244, BIO245, ENV328) this will leave you with an additional General Elective

General Electives or Second Major Part I- Select from any 100 level unit; part II Select from any 200-300 level units offered by the University, subject to individual unit prerequisites. Students are advised to consider using General Elective points to meet the requirements of a second major or minor.

*MAS164- Whilst this unit is not core for your major we strongly recommend that you take this unit if you have not completed ATAR level maths (eg. Maths applications).

Please note: This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as outlined in the [Handbook](#). Students should note that due to unit prerequisites, commencing study in Semester 2 may extend the duration of the course. This information is correct as at 11/05/2023.
