

B1409 – Bachelor of Laws / Bachelor of Science – students commencing 2026 onwards

Science Majors: Environmental Science and Management, Marine Biology or Conservation and Wildlife Biology

Academic Chair: law.academicchair@murdoch.edu.au

Start Date: Semester 1, 2026

Applicable Science Majors: Environmental Science and Management, Marine Biology or Conservation and Wildlife Biology

This Course plan template is **NOT** relevant if you are studying Forensic Biology, Biomedicine, Genetics and Biotechnology and Clinical Laboratory Science (see alternative courseplan).

This sample enrolment plan is based on the 2026 course structure and offerings. It is the responsibility of students to ensure the correct availability of units in each semester of each academic year. See Handbook - <https://handbook.murdoch.edu.au/>

This plan is for students enrolled full-time over the course of their degree. The expected workload for each 3-point units is 10 hours per week per unit. Students should consider all their commitments and factor the study workload level in when planning their course structure. For accreditation purposes, the Legal Practice Board of WA may require that your degree is completed within a shorter timeframe than the twelve years permitted under the coursework regulations. Students who may take longer than 10 years to complete their degree should seek advice from the Academic Chair.

	Semester 1		Semester 2	
Year 1	LLB100 Foundations of Law 6pts		Discovery Unit** 3pts	
	BIO103 Environmental Biology^ 3pts		LLB130 Criminal Law & Procedure 3pts

	Law Specified Elective+ 3pts		Law Specified Elective+ 3pts	
	Law Specified Elective+ 3pts		Law Specified Elective+ 3pts	
	12pts		12pts	

**Murdoch Discovery Study

Students must complete one unit of Discovery Study (3 points). This unit must be outside of the School of Law and Criminology, School of Medical, Molecular and Forensic Sciences and School of Environmental and Conservation Sciences. There are a range of units that can be used to fulfil that requirement. Refer to the University Handbook published in the academic year you intend to complete it.

Bachelor of Science Units:

Students should contact a Student Advisor or their Science Academic Chair for advice mapping out their science units; this plan may need to be rearranged depending on timetabling of units and major selected.

Science Core Unit^ – 15 points: BIO103, CHE140, ENV102, ENV241 and MAS183.

Science Specified Electives^^ – 6 points (consult your Science Major AC and handbook)

Science Major+ - 24 points – refer to handbook and consult AC for your Science major.

+Law Specified Electives+ - Students must complete 18 points of during their studies. Some Law Specified Electives are 6 points. These electives are also offered in non-standard teaching periods (such as summer, winter, and trimester teaching periods) and students may undertake them in those periods instead of during semester.

Note: Students considering applying for Honours should contact the Honours Chair at the end of their third year.

Advanced standing:

If you have been granted advanced standing, please confirm with the Academic Chair how the advanced standing is allocated in your course structure.

B1409 – Bachelor of Laws / Bachelor of Science – students commencing 2026 onwards

Science Majors: Environmental Science and Management, Marine Biology or Conservation and Wildlife Biology

Disclaimer:

This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as per the online Handbook. Students should note that due to unit prerequisites, commencing study in semester 2 may extend the duration of the course. Correct as at 6/11/2025. Check the university timetable each year to confirm the teaching period units run as they are subject to change.
