	Total		9	Total		9	Total		9
CHI601 Clinical Practicum 1 (9CP)									

TOTAL CREDIT POINTS 120

Notes

- * MU Discovery Unit or General Elective
 - Students need to complete one MU Discovery Unit and one General Elective Unit in either order.
 - It is the student's discretion which Discovery Unit they complete, but a list of recommended units can be found [here](#).

- # In order to continue in the integrated award (BHSc/MClinChiro)
 - Students must maintain a minimum **GPA of 2.0** or **course weighted average of 60**.
 - This will be reviewed each semester after completing the first 24 points of study.
 - Students failing to maintain a **GPA > 2.0** or **course weighted average of 60** will be transferred into **B1348** Bachelor of Sport and Exercise Science.
 - They will then need to complete the remaining units as part of that course structure in order to graduate with a Bachelor of Sport and Exercise Science.

Please note: This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as outlined in the [Handbook](#). Students should note that due to unit prerequisites, commencing study in Semester 2 may extend the duration of the course. This information is correct as at 03/02/26.
