	Total	**9**	**Total**	**9**	**Total**	**9**
	CHI601 Clinical Practicum 1 **(9CP)**					

TOTAL CREDIT POINTS 120

Notes

* MU Discovery Unit or General Elective
- Students need to complete one MU Discovery Unit and one General Elective Unit in either order.
- It is the student's discretion which Discovery Unit they complete, but a list of recommended units can be found here.

\# In order to continue in the integrated award (BHSc/MClinChiro)
- Students must maintain a minimum **GPA of 2.0** or **course weighted average of 60**.
- This will be reviewed each semester after completing the first 24 points of study.
- Students failing to maintain a **GPA > 2.0** or **course weighted average of 60** will be transferred into **B1348** Bachelor of Sport and Exercise Science.
- They will then need to complete the remaining units as part of that course structure in order to graduate with a Bachelor of Sport and Exercise Science.

Please note: This **course plan is a sample only** and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as outlined in the B1422 Bachelor of Health Science / Master of Clinical Chiropractic course in the Handbook. Students should note that due to unit prerequisites, commencing study in Semester 2 may extend the duration of the course.
