TOTAL CREDIT POINTS 12

Semester 1 notes	Semester 2 notes
ALL UNITS AVAILABLE FOR BOTH SEMESTERS	ALL UNITS AVAILABLE FOR BOTH SEMESTERS

Units should be studied in sequential order NUR500, NUR501, NUR502. SHP511 can be studied at any time and may be studied on campus or externally.

It is recommended that you should undertake this study part-time (1-2 units per semester) if you are also working clinically or have other personal or caring responsibilities.

Each unit requires approximately 10 hours of academic work per week, for the 12 teaching weeks. Please consider your personal and work commitments carefully before registering for a full-time (4 units per semester) workload.

Please note: This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as outlined in the [Handbook](#). Students should note that due to unit prerequisites, commencing study in Semester 2 may extend the duration of the course. This information is correct as at 16/10/25.
