

Hello! I'm

AMELIA

Bachelor of Science/Doctor of
Veterinary Medicine

ABOUT ME

Hello! I'm Amelia, and I'm in my third year of veterinary medicine, which has been my lifelong dream course to get into, so I feel very grateful to be able to study it here at Murdoch. I have loved working with animals and gaining so much practical, hands-on experience during my time here, and my passion for this field has been fostered by the lovely teaching staff.

I hope to help you flourish here at the university, and I'm here to answer your questions, whether it's your first day or your last. Please visit if you need a hand with assignments or exams, and I'll happily share some of my wisdom with you.

If you come to see me, feel free to ask me to show you my most useless talent-recognising the sounds that Pokémon make when you send them into battle. It's my favourite party trick by far.

KHIARA

Bachelor of Law and Psychology

ABOUT ME

Hi, my name's Khiara and I'm in a Psychology and Law degree here at Murdoch.

I'm really passionate about helping other students succeed in their goals and degrees. I took 4 gap years and worked full time before starting my degree, so anything to do with time management and work-life balance, I'm your girl!

As a high-performing student, I believe it's not about your intelligence but the work you put in and resources you access. If you want to achieve better grades in your Psychology or Law units, feel free to come see me to take my top tips of resources to use and time to dedicate.

As well as being a PAC I am also an ITAS Tutor and a Senior Student Wellbeing and Equity Ambassador. So unit and work queries aside, please also feel comfortable coming to see me about any wellbeing or mental health concerns you have. Life is complicated and stressful being a student (trust me I know...), but we have some amazing support services here at Murdoch and I would love to point you in the right direction.

Hello! I'm

LUNA

SHE/HER

Bachelor of Information Technology
(Computer Science and Games Technology)

ABOUT ME

Hiya! I'm Luna, a second-year IT student majoring in Computer Science and Games Technology, and this semester I am a PASS Leader and Peer Academic Coach.

Before coming to Murdoch, I studied for three years at TAFE, two of which were in an animation and visual effects degree (I got to work on some incredible projects here and have my name in the credits of a few movies), and the last year was a Cert IV in Programming where I found my passion for coding and computer science.

I have a fascination with retro software, specifically game engines. I love diving into the nitty-gritty of programs, learning how my lines of code translate into the bits and bytes that tell my computer what to do. As you can probably tell, I love games, but I am also a movie lover too, with The Matrix being my favourite movie of all time.

Come see me in the library if you have any questions or need advice, join my PASS class if you're in ICT169 this semester and keep an eye out for me in my red PAC shirt or my black PASS shirt.
