

**MEET
YOUR PACS**

Hello! I'm

AMELIA

Bachelor of Science/Doctor of
Veterinary Medicine

ABOUT ME

Hello! I'm Amelia, and I'm in my third year of veterinary medicine. It has been my lifelong dream to get into this course, and I feel very grateful to be able to study it here at Murdoch. I love working with animals and am gaining so much practical hands-on experience during my time here, and my passion for this field has been fostered by the lovely teaching staff.

I hope to help you flourish here at the university, and I'm here to answer your questions, whether it's your first day or your last. Please visit if you need a hand with assignments or exams, and I'll happily share some of my wisdom with you.

If you come to see me, feel free to ask me to show you my most useless talent-recognising the sounds that Pokémon make when you send them into battle. It's my favourite party trick by far.

Hello! I'm

BRI

Bachelor of Criminology

ABOUT ME

Hi! I'm Bri and I'm in my 3rd year of a Bachelor of Criminology majoring in criminal behaviour. I've absolutely loved my degree so far, and I'm really excited to continue working as a PAC.

When I first started at Murdoch, everything felt new and a little overwhelming, so I know how much of a difference it makes to have someone you can go to for support, study tips, or even just a friendly chat. As a PAC, I'm here to help you feel more confident navigating your units, staying organised, and finding study strategies that actually work for you.

My goal is to make your journey through Murdoch a little easier and a lot more enjoyable. Whether you're looking for guidance, assignment help, or simply a welcoming space to ask questions, I'm always happy to help.

I'm really looking forward to working with you this semester and supporting you as you settle into uni life and make the most of your studies.

Hello! I'm

CAMERON

Bachelor of Sport and Exercise
Science/Bachelor in Science
(Psychology)

ABOUT ME

Hi, I'm Cameron, and I'm studying sport and exercise science and psychology. I have grown up in Perth my whole life, and I have a passion for all things sports.

I understand how difficult it can be to adjust to university life, so I love to share tips and tricks to make navigating campus and university life easier, as well as study tips to make the academic part of university life less complicated.

I love helping with any questions and talking about all the amazing support services available at Murdoch. I look forward to seeing you at either Student Central or the Library PAC.

Hello! I'm
CHEKI

Master in Professional Accounting

ABOUT ME

Hello everyone! I am Cheki, a second-year student currently completing my Master of Professional Accounting (Advanced). I am from Bhutan and have five years of experience working as a Finance Manager. When I am not studying, I love listening to music and reading books. Recently, I have been hooked on audiobooks.

As an international student, I understand how challenging it can be to balance university, work, and everyday life. I am here to share what I have learned from my experience and some tips to make your university journey easier and, hopefully more enjoyable!

Feel free to come and say hello if you see me at Student Central or the Library. I'm always happy to have a chat and will do my best to support you however I can. Looking forward to meeting you all!

Cheers!

Hello! I'm
CHLOE

Bachelor of Laboratory Medicine

ABOUT ME

Hi, I'm Chloe. Although I'm a second-year student, I've been around the uni for a while because of alternating part-time and full-time study. I'm a mature-aged student and a mum. I didn't do well in high school (especially maths and science) so I can relate to students that are struggling or nervous about the uni journey. Previously I was the PASS leader for CHE140 Chemistry, so I have some experience helping students with the tricky formulas.

My units cross over with many of the science degrees, so come and see me if you want some help!

Hello! I'm

DARNELL

Bachelor of Science Honours

ABOUT ME

Kaya! I'm Darnell, a Bachelor of Science Honours student. I really enjoy studying and the challenges, insight and rewards it brings. I enjoy developing strategies to overcome problems and have very strong organisational and time management skills.

As a mature-age student, I bring extensive past study and work experience, which helps me guide others in navigating academic challenges. Having moved from Canada in 2009, I also understand the complexities of adapting to university life as an international student. I look forward to supporting fellow students in achieving their academic goals!

Hello! I'm

GORDON

Bachelor of Science (chiropractic) /
Master in clinical chiropractic

ABOUT ME

Hello :)

I am Gordon, I'm in the third-year of a chiropractic degree, and I'm an international student. I am deeply interested in how human biomechanics work and ways to improve our body to maximise our functionality as much as possible. I enjoy bouldering in my free time, and I am also a coffee snob, I work casually as a barista at Sushia in building 360 so please say hi if you ever see me there! I may have RBF, but I am friendly I swear!

I am proud to be one of the PACs on campus.

I enjoy helping others with the knowledge and experience that I have built along my journey here at Murdoch and I strive to find a solution with whatever kind of concerns you might have. With that, feel free to reach out whenever I am on the desk, I am always happy to help!

Hello! I'm
HANNAH

Bachelor of Engineering
(Electrical and Renewable Energy)

ABOUT ME

Hello! My name is Hannah and I'm a second year engineering student, majoring in electrical and renewable energy engineering. I have always really enjoyed maths and science, so I'm incredibly excited to be studying a degree that lets me apply this knowledge to make a real impact. Outside of study, I enjoy spending time with my family and friends, going to the beach with my dog and reading.

As a recent high school graduate, I understand that the transition to university can be incredibly daunting and that there is so many new things to learn. I'm always happy to share my own experiences and give you advice and support.

If you have any questions, or would just like to chat, feel free to come visit me at the library. I hope you have an incredible semester, and hopefully see you soon!

Hello! I'm

HUZAIFA

Bachelor of Nursing

ABOUT ME

Hi, I'm Huzaifa, a stage 6 nursing student who will be your Peer Academic Coach this semester. I love to stay disciplined by training in callisthenics, researching anatomy and clinical procedures, and playing footy in my leisure time. An interesting fact about me is that I am a professional polo player and equestrian.

I have gained invaluable academic and work experience, which will help me help you get the most out of your degree. I started my academic journey in 2024 as an international student and faced several obstacles along the way, but now I am here to guide you with everything I have learned.

Nursing is a tough course if you do not have the right guidance and techniques to succeed in university. However, it is my passion to share the knowledge I have gained over the years with my peers. Come say hi, have a chat about anything that may seem overwhelming, and do not hesitate to consult me about anything related to nursing, human anatomy, or general academic inquiries. Looking forward to meeting you in person

Hello! I'm

KAYLEE

Bachelor of Biomedical Science

ABOUT ME

Kaya! I'm Kaylee. I'm in my second year of a Bachelor of Biomedical Science in Pharmacology & Toxicology and Conservation & Wildlife Biology.

If you ever need help with anything biology, throw your questions my way!

I am currently researching the cellular composition and transcriptional landscape of human burn blister fluid using single-cell RNA sequencing. But my true passion lies in ecophysiology and ecotoxicology, where I can explore how environmental toxins impact animal health.

Being a student, I know the struggles that come with studying.

In addition to helping you navigate different study methods and assessment types, I can also help with your trickier biology questions, and help make complex concepts clearer, more manageable, and more enjoyable to learn.

Hello! I'm

KIM

Bachelor of Nursing

ABOUT ME

Hi, my name is Kim and I am currently studying Bachelor of Nursing full time on Mandurah campus. I am originally from Germany, so English is my second language. I am a mature-aged student, a mum to two teenagers and love the outdoors and sports.

I am passionate about making a positive difference in people's lives and believe, my diverse personal experiences help me to relate to many of the challenges students may face.

I totally believe there are no dumb questions. If you don't ask, you won't know! So please feel free to see me on Thursdays at the Student Central desk on Mandurah Campus with any questions or concerns, or if you simply want to chat to someone who understands how difficult it is to be far away from home.

I will always do my best to help!

Hello! I'm
KOHTA

Bachelor of Nursing

ABOUT ME

Hi! I'm Kohta. I am currently in my third year in Bachelor of Nursing and one of your PAC members. I have a Bachelor of Science (agriculture honours and marine science) and love biology related topics regardless of what creature... and video games, of course.

As I have experienced many years studying at university, I understand how nervous and overwhelming you may be feeling regarding assignments and study/time managements. I am happy to share my own experience and provide tips, advice, and supports where possible to make your time at university more enjoyable and sustainable. See you there!

Hello! I'm
LUNA

SHE/HER

Bachelor of Information Technology
(Computer Science and Games Technology)

Bachelor of Engineering Technology
(Industrial Control and Automation)

ABOUT ME

Hiya! I'm Luna, a third-year IT student majoring in Computer Science and Games Technology and first-year Engineering student majoring in Industrial Control and Automation. I'm in my third semester working as a Peer Academic Coach.

Before coming to Murdoch, I studied for three years at TAFE, two of which were in an animation and visual effects degree (I got to work on some incredible projects here and have my name in the credits of a few movies), and the last year was a Cert IV in Programming where I found my passion for coding and computer science.

I have a fascination with retro software, specifically game engines. I love diving into the nitty-gritty of programs, learning how my lines of code translate into the bits and bytes that tell my computer what to do. As you can probably tell, I love games, but I am also a movie lover too, with The Matrix being my favourite movie of all time.

Come see me in the Library or Student Central if you have any questions or need advice.

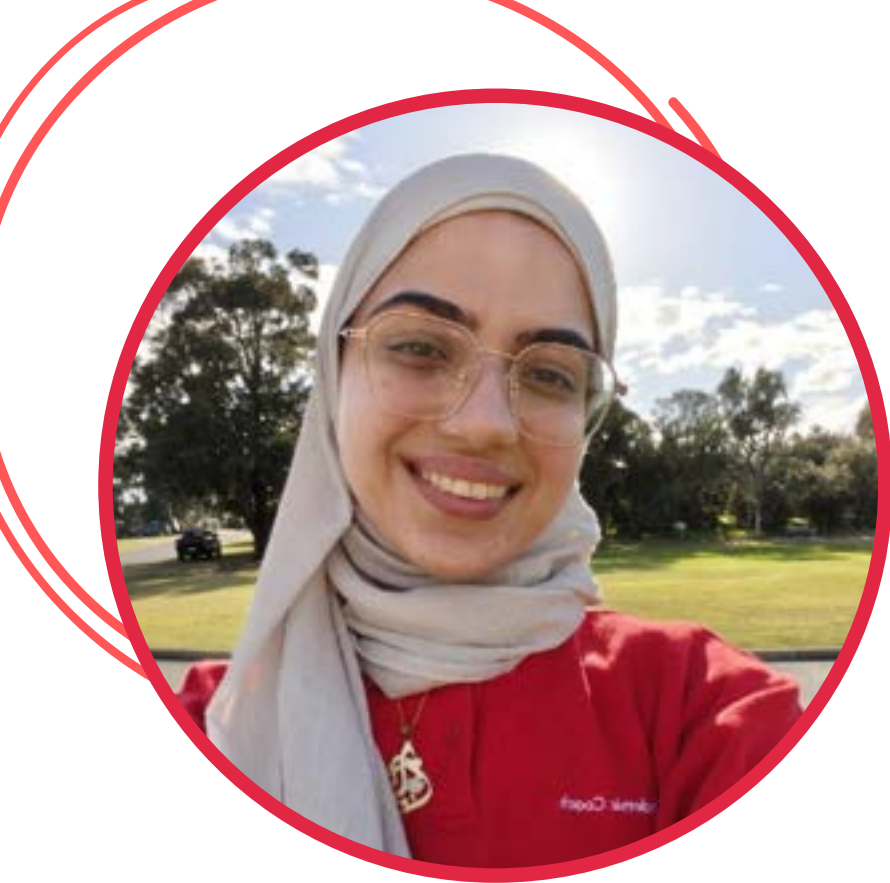

Hello! I'm
NICK

Bachelor of Sport & Exercise
Science/Master of Clinical Exercise
Physiology

ABOUT ME

Hi, I'm in my fourth year studying a Bachelor of Sport & Exercise Science/Master of Clinical Exercise Physiology.

I'm a mature-aged student and exercise scientist who has pivoted into Allied Health after a career change. I've recently completed my undergrad and am now working towards becoming a clinical exercise physiologist once I complete my Masters. I've balanced the demands of work, uni and being a father by prioritising my time and attention along the way. I can help with scientific report writing, general study support and navigating uni life. Please reach out if you ever need help!

Hello! I'm
REAM

Bachelor of Data Analytics
ABOUT ME

Hi! I am Ream, a Bachelor of Data Analytics student with a double major in Data Science and Business Intelligence.

Before uni, I studied a Certificate IV and a Diploma in business, where I regained a love for learning—and for technology (especially Excel; please don't judge). I realised how much I enjoyed analysing data to support decision-making, which led me to this degree.

I had started my degree with no programming experience and very limited maths knowledge, so I know how daunting transitioning to uni can be. But with the right resources and study skills, you can succeed in your studies, and I would be more than happy to show you how.

If you need help with maths, stats, or just want someone to talk to (I love to yap), come see me in the library or during my PASS sessions if you are taking ICT145. Looking forward to meeting you all!

Hello! I'm

REN YI

Bachelor of Science/ Doctor of
Veterinary Medicine

ABOUT ME

Hello everyone! My name is Ren Yi, I am currently in my third year of Veterinary Medicine at Murdoch University. I have a strong passion for helping others – animals included – which inspired me to become a Peer Academic Coach.

In my free time, I enjoy spending time with my dog back in Singapore, jamming out to music with friends, and playing sports. I've really enjoyed my time in university thus far, as well as in my course, and I wish everyone to experience the same. I've been through the stresses that international student life may bring, as well as the challenges of navigating university for the first time – so I'm here to support you and answer any queries you may have. I look forward to meeting you all. See you at the library / student central!

Hello! I'm

RUBINA

Master of Community Development

ABOUT ME

Namaste and a very warm greeting to everyone!

My name is Rubina Bishunke, studying Masters of Community Development here at Murdoch University. I am a graduate Social Work student with a post graduate diploma in Early Childhood Development (ECD). With thirteen years of experience in the corporate sector and social responsibility fields, I am here to immerse myself as an international student in this diverse role as your Peer Academic Coach (PAC). Together let's embrace the new challenges coming ahead through patience, encouragement and collaboration.

This is not only an academic journey, but a path which truly finds you and guides you to become yourself. So do not hesitate to ask any questions you have and kindly search every possibility to navigate this rollercoaster while adjusting to the University life. Remember that you are the driver of your own life.

Let's learn, unlearn, relearn, and bloom together.
I look forward to meeting you all.

Hello! I'm
SAI

Bachelor of Laws

ABOUT ME

Hi everyone! My name is Sailessivasoriaa Sivagurunathan, and I'm a 21-year-old international student from Malaysia of Sri Lankan origin, currently in my fourth year of the Bachelor of Laws at Murdoch University. I'm proud to be an Academic Tutor for the ITAS program, Student Ambassador, Student Wellbeing Ambassador, the President of the Murdoch International Student Association, and a Member of the Education Committee for the University. I previously served as Vice President of the Law Society in 2025.

I have worked in law firms specialising in criminal and property law, and I enjoy reading about politics and current affairs. I'm also actively involved in politics and ran three political campaigns last year, including federal and state election campaigns. I speak Tamil, Bahasa Indonesia, Malay, and a little Mandarin, and I love connecting with people across different cultures and backgrounds.

Outside of uni, you'll usually find me travelling, bouldering, at the gym, or connecting with nature through hikes — and, of course, chatting endlessly over coffee. I genuinely love yapping and getting to know people.

If you ever have questions, please don't hesitate to reach out. I'm more than happy to help with unit selection, class enrolment, class sign-ups, navigating uni life, or getting through exams. And if you just need someone to rant to — I'm here for that too. I know how difficult university can get, and you don't have to go through it alone.

I'm very approachable (everyone knows me!), I'm all ears, and I truly want to see you succeed. There's no such thing as a stupid question — I've lived a life centred around helping others, and I'm always ready to help in any way I can.

I look forward to meeting all of you very soon

Hello! I'm
SUE

Bachelor of Laboratory Medicine
(Biomedical Science)

ABOUT ME

Hi! I'm Sue, and I am a final year Laboratory Medicine student majoring in Biomedical Science. Having experienced the challenges of adjusting to university life and being miles away from home as an international student, I'm here to offer valuable study advice, time management strategies, and guidance both academically and generally to help you navigate your academic path.

I am also happy to provide one on one support for any science queries to help complex concepts become more digestible and fun to learn. If you have any questions or just need a buddy to talk to, please come over and let's have a chat.

Hello! I'm
TALI

Bachelor of Laws/Bachelor of IT

ABOUT ME

Hi, I am Tali and I am currently in my penultimate year of studying Law and IT, majoring in Computer Science. In my free time I love to volunteer at community legal centres and watch the court trials in the District Court.

Besides PAC, I am also working as a PASS Leader for the unit MAS162 and as a Peer Mentor for ICT159 this semester. So, feel free to come and ask me any content related questions.

Come see me in the library on Fridays if you have any questions or just want to chat!

Hello! I'm
THEO

Bachelor of Science/Doctor of
Veterinary Medicine

ABOUT ME

Hey there, my name is Theo, I'm fortunate enough to be studying vet at the moment AND I love playing with any dogs and cats and love eating out with friends too or going for long runs. I've done many units which seemed to be daunting initially but became ones in which I've been able to really enjoy and cherish, and I hope uni is like that for you too!

If you would like help with assignments or tests, come see me and I'll attempt my absolute best to help you out in some way or another. All the best for the semester!

Hello! I'm
VICTO

Master of Sustainable Development,

ABOUT ME

My name is Victo Nalule, currently pursuing a Master's in Sustainable Development at Murdoch University as an Australia Awards Scholar. I am QHSE and Sustainability professional with over decade of leadership experience from the energy industry and the Founder of Tunaweza Foundation based in USA, which advocates for the inclusion and empowerment of women and youth with disabilities in Uganda.

As your Peer Academic Coach (PAC), I bring not only academic experience but also lived experience as an international student navigating new systems, cultures, and expectations. University is one space where you not only discover your professional potential but also embark on a journey of growth, resilience, and self-discovery.

Outside of my studies, I love travelling, reading motivational books, and recently I have taken up para ice hockey and ballroom dancing, which I am truly enjoying.

Something unique about me, I love smiling, I believe it warms up our hearts.

Please feel free to reach out, ask questions, and share your challenges. Together, we can navigate this journey with confidence, collaboration, and courage.

Let's learn, support one another, and thrive together.

Hello! I'm
XAVIER

Bachelor of Arts Honours (English
and Creative Writing)

ABOUT ME

Hi, my name is Xavier. I have recently completed my Bachelor of Arts Honours in English and Creative Writing, and before that, I completed my Bachelors with a double major in Marketing and English & Creative Writing.

I'm excited to take on new challenges, connect with fellow students, and help where I can. I find I'm at my best when I have a healthy balance between work, uni, and my social life, and I have plenty of tips to share.

Don't hesitate to reach out if you're Marketing or English student or are studying anything else and you need a hand.
