Hello! I'm

AMELIA

Bachelor of Science/Doctor of
Veterinary Medicine

ABOUT ME

Hello! I'm Amelia, and I'm in my second year of veterinary medicine, which has been my lifelong dream course to get in to, so I feel very grateful to be able to study it here at Murdoch. I have loved working with animals and getting so much practical, hands-on experience during my time here, and my passion for this field of work has been fostered by the lovely teaching staff here.

I hope that I can help you to flourish here at university, and I'm here to help answer your questions whether it be your first day here or your last. I'm in the library during late Thursday afternoons and in Student Central on Friday afternoons, so please visit if you need a hand with assignments or exams and I'll happily share some of my wisdom with you.

If you come to see me, feel free to ask me to show you my most useless talent-recognising the sounds that Pokémon make when you send them into battle. It's my favourite party trick by far.

Hello! I'm
LUNA
SHE/HER

Bachelor of Information Technology
(Computer Science and Games Technology)

ABOUT ME

Hiya! I'm Luna, a second-year IT student majoring in Computer Science and Games Technology, and this semester I am a PASS Leader and Peer Academic Coach.

Before coming to Murdoch, I studied for 3 years at TAFE, 2 of which was in an animation and visual effects degree (I got to work on some incredible projects here and have my name in the credits of a few movies), and the last year was a Cert IV in Programming where I found my passion for coding and computer science.

I have a fascination with retro software, specifically game engines. I love diving into the nitty-gritty of programs, learning how my lines code translates into the bits and bytes that tell my computer what to do. As you can probably tell, I love games, but I am also a movie lover too, with The Matrix being my favourite movie of all time.

Come see me in the library if you have any questions or need advice, join my PASS class if you're in ICT169 this semester and keep an eye out for me in my red PAC shirt or my black PASS shirt.
